

EZ-TRIM RETRO BRICKMOULD

Add sophistication and simplicity to your home project with the Vector Windows ready to install retro brickmould vinyl windows. The factory installed EZ-Trim Retro Brickmould is the ideal window installation solution for remodel and retrofit applications.

Easy to Measure

Simply measure the dimensions of your existing brickmould trim and using the brickmould measurement type and our system can automatically convert your window size to fit the opening with the EZ-Trim Retro Brickmould. Or if you would like to do the measurement conversion manually, take off 3 ¼" on the width and 3 ¾" off the height of the brickmould to find the brickmould size for your windows. (2 ½" height on 3-sided brickmould)

Retro Brickmould

The Vector EZ Trim is available as a 3-Sided Brickmould with a 1" Subsill or a 4-Sided Brickmould option.

» Easy to Install

EZ-Trim has a convenient snap-in screw channel cover on the face of the product which allows for installation from the exterior without removing your siding.

» Traditional Styling

The 2" contoured top and sides and a 1" subsill give the appearance of traditional wood trim.

» Ultimate Durability

EZ-Trim also features welded corners, and a sturdy multi-chambered design for the ultimate durability and performance.

» EZ Trim is available for the following products:

Envision Series
